

RIGHTCARE

June 8, 2016

Dear Provider:

The Texas Medicaid managed care organizations (MCOs) request your immediate attention to this matter for your continued participation as a Texas Medicaid provider in Medicaid managed care. The federal Patient Protection and Affordable Care Act requires all providers to re-enroll in state Medicaid programs every three to five years, depending on their provider type. The federal Centers for Medicare & Medicaid Services (CMS) extended the deadline for re-enrollment to September 24, 2016; however, the state's contractor **Texas Medicaid & Healthcare Partnership (TMHP) must receive applications by June 17, 2016** to ensure the re-enrollment process can be completed by the deadline and payments to providers can be continued.

This required re-enrollment is NOT the same as the credentialing process providers complete every three years with health plans. **Even though you are a credentialed provider with a Medicaid MCO, you must still submit the re-enrollment application to TMHP by June 17, 2016 in order to be eligible for reimbursement for dates of service after September 24th 2016.**

We value your participation in our network; however, if you are not re-enrolled in Medicaid by September 24, 2016, RightCare from Scott & White Health Plan will be required to terminate your contract based on direction from the state that you are not a qualified Medicaid provider.

For more information on the re-enrollment process and a copy of the application, please visit the TMHP website at <http://www.tmhp.com/Pages/Topics/Reenrollment.aspx>.

If you have questions, please contact 1-855-TX-RIGHT (1-855-897-4448).
