

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit <http://swhp.org/plandocs>, or call 1-800-321-7947. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms see the Glossary at www.cciio.cms.gov.

Important Questions	Answers	Why This Matters:
What is the overall deductible ?	Network Provider : \$5,000 individual / \$10,000 family; Non-Network Provider: \$12,000 individual / \$24,000 family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive care and primary care services are covered before you meet your deductible .	This plan covers some items and services even if you have not yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/
Are there other deductibles for specific services?	No.	You do not have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	Network Provider : \$6,600 per individual / \$13,200 per family; Non-Network Provider: \$19,800 individual / \$39,600 family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , the overall family out-of-pocket limit must be met.
What is not included in the out-of-pocket limit ?	Copayments on certain services, premiums , balance-billing charges, and health care this plan does not cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.swhp.org or call 1-800-321-7947 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No	You can see the specialist you choose without a referral .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
