One or more of the payers you work with are using VerifyHCP to make directory updates easy for you and your practice and comply with state and federal regulations pertaining to directory accuracy.

In this webinar, you will discover why you are receiving requests to update payer directories and what that means for you and your practice. Specifically, we help you:

- Understand the directory accuracy regulations driving this activity

- Become familiar with the VerifyHCP update process

- Learn how we are trying to make the task of updating directories easier and more efficient

We want to make sure your voice will be heard, a Q&A and opportunity to ask questions and feedback will be available.
