Upon receipt of such notice, the Group will immediately give written notice to each affected Covered Dependent. The Covered Dependent must give written notice to the Group of its desire to continue coverage under this Agreement within sixty (60) days of the Subscriber's death, retirement or divorce. Coverage under this Agreement will remain in effect during the sixty (60) day period, provided that written notice is given, and the required premium paid, within the sixty (60) day period. This continuation coverage shall be concurrent with any other continuation coverage provided for under this Agreement. This continuation coverage will terminate upon the earlier of the following:
- a. the day a premium is due and unpaid; or
 - b. the day the Covered Dependent becomes eligible for similar coverage; or
 - c. three (3) years from the date of the Subscriber's death, retirement or divorce.

6. REQUIRED PAYMENTS

6.1 Premiums

6.1.1 Payment of Premiums

Premiums are due in the office of the Health Plan, 1206 West Campus Drive, Temple, TX 76502 on or before the date indicated in the monthly billing statement issued to Group by Health Plan. The Contract Holder is responsible for informing Health Plan of any events which render an individual enrollee ineligible for coverage under this Agreement. Generally the Contract Holder is liable for premiums for a covered individual from the time that individual is no longer eligible for coverage until the end of the month in which the Contract Holder notifies Health Plan of that covered individual's ineligibility for coverage. However, if a covered member loses eligibility for coverage during the last seven (7) calendar days of any Month, and Health Plan receives notice from the Contract Holder of that covered individual's ineligibility for coverage during the first three business days of the immediately succeeding month, the Contract Holder is not liable for that individual's premium for that succeeding month.

Notice of an individual's loss of eligibility of coverage may be provided prior to the end of a month by United States Mail, postage prepaid or by other means. Mailed notice shall be deemed to have been received by Health Plan as of the date of delivery to the post office. Notice given during the first three business days of a succeeding month must be by a method that provides immediate notification, including hand delivered, internet portal, e-mail or facsimile.

For example, if a covered member loses eligibility by ceasing employment with the Contract Holder on June 2, and the Contract Holder doesn't inform Health Plan of this loss of eligibility until July 2, the employee, as well as that employee's covered dependents, would be entitled to coverage until through July 31, and the Contract Holder would be liable for those individual's premiums. If, however, the same employer lost eligibility on June 25, and the Health Plan received notice from the contract holder of that individual's ineligibility for coverage during the first three business days of July, the Contract Holder is not liable for that individual's premium for the month of July. It is the Contract Holder's responsibility to collect any premium contribution due from its covered employees. Premiums are Required Payments.

6.1.2 Premium Changes

Pursuant to Texas law, Health Plan may change premium rates at any time upon 60 days prior written notice. Not less than sixty (60) days prior to expiration of the Contract Year, the Contract Holder shall be advised of the premium rates applicable for the upcoming year.

6.1.3 Contribution Requirements

A Group must contribute for any Subscriber who enrolls in Health Plan at least the same dollar amount as it contributes for any Subscriber who enrolls in other health coverage provided by the Group. A Group which pays a proportion of an employee's premium based on some percentage or other formula must contribute for a Subscriber who enrolls in Health Plan the same proportion of the Subscriber's total health premium as it contributes for any Subscriber who enrolls in other health coverage provided by the Group.

6.2 Copayments and Deductibles

You are responsible for paying any applicable Copayment for Health Care Services. Copayments are due at the time the service is rendered. Copayments and Deductibles are Required Payments from You.

6.3 Subrogation and Coordination of Benefits Payments

If You, Your Covered Dependents, or anyone on behalf of You or Your Covered Dependents receives benefits or monies subject to the coordination of benefits or subrogation provisions of this Agreement, You or Your Covered Dependent must submit to Health Plan within 31 days of receipt of such benefits or monies, the amount to which

Health Plan is entitled. In the event You, Your Covered Dependents, or anyone on behalf of You or Your Covered Dependents should recover amounts due under the subrogation or coordination of benefits provisions, any amount due is considered to be a Required Payment from You or your covered Dependent.

6.4 Late Payment Fee

A late payment fee may be assessed on any Premium not received by Health Plan at its offices when due. Such late payment fee will be calculated by Health Plan at the rate of 10% per annum. In no event will any such charge for late payments exceed the maximum rate allowed by law. Any late payment fee is considered to be a Required Payment from the Group.

6.5 Grace Period and Cancellation of Coverage

If any Premium is not received by the Health Plan within thirty (30) days of the due date, Health Plan may terminate coverage under this Agreement after the 30th day. During the 30-day grace period, coverage shall remain in force. However, if payment is not received, Health Plan shall have no obligation to pay for any services provided to You or Your Covered Dependents during the 30-day grace period or thereafter, and You shall be liable to the Provider for the cost of those services.

7. HEALTH CARE SERVICES

7.1 Health Care Services Within the Service Area

You and Your Covered Dependents shall be entitled to the Health Care Services specified in the Schedule of Benefits subject to the conditions and limitations stated in the Schedule of Benefits and this Agreement that are considered to be Medically Necessary by the Medical Director. Except for Emergency Care, approved referrals to non-Participating Providers, or covered medical services rendered to a Covered Dependent child under a Qualified Medical Support Order who is outside the Service Area, Health Care Services are available only through Participating Providers. Health Plan shall have no liability or obligation whatsoever for any service or benefit sought or received by You or Your Covered Dependents from any other physician, hospital, extended care facility, or other person, institution or organization, unless prior approval for referral has been obtained from a Medical Director.

7.2 Health Care Services Outside of the Service Area

Other than for Emergency Care, out-of-area referrals approved under the terms of this Agreement or covered medical services for Your covered Dependent child under a Qualified Medical Support Order, if You or Your Covered Dependent are outside of the Service Area, You or Your Dependent must return to the Service Area and Participating Providers to receive Health Care Services provided under this Agreement.

7.3 Limitations and Exclusions

The Health Care Services and other benefits to be provided under this Agreement are limited by or excluded from coverage as stated in the Description of Benefits.

7.4 Health Care Services that are not Medically Necessary

In the event that the Medical Director determines that a Health Care Service proposed or provided, to You or Your Covered Dependent is not medically necessary, You, or a person acting on Your behalf and the Physician or Provider requesting or providing such Health Care Service shall be notified of this determination, and an Adverse Determination will be issued.

An Adverse Determination will include the reason for the Adverse Determination, the clinical basis for the Adverse Determination, a description of the criteria used in making the Adverse Determination, and a description of the complaint and appeals process. You and the Physician or Provider requesting the Health Care Service will be notified as follows:

- Within one hour of receipt of request for post-stabilization care subsequent to emergency treatment;
- Within 24 hours when care is requested while You or Your Dependent is Hospitalized; or
- Within three calendar days in other circumstances.

The initial notice of Adverse Determination may be by telephone or electronic transmission to Your Provider, within the timeframes outlined above, and will be followed by written notice to You and Your Provider within. no later than the third working day after the request is received.

7.5 Nature of Coverage Provided and Health Plan's Right to Contract

7.5.1 Health Care Services and Your Beliefs

You understand that the Health Plan is a health maintenance organization and not an indemnity insurance company and that Health Plan arranges for the provision of Health Care Services through contractual arrangements with certain providers. Health Plan reserves the right to contract with such providers of Health Care Services as it shall determine can reasonably provide them. Health Plan's Participating Providers shall determine the manner of provision of those Health Care Services and such services are subject to their discretion. Not every form of Treatment

may be provided, and even though certain of Your personal beliefs or preferences may be in conflict with the care as offered by Participating Providers, You shall not be entitled to any specific class of licensed provider, school of approach to such services or otherwise be able to determine the providers who will care for You or Your Covered Dependents other than as provided in this Agreement. This provision does not restrict Your right to consent or agree to any procedure or Treatment. However, this provision defines the coverage provided under this Agreement. Your decision to follow medical advice or to seek any particular Treatment is solely yours and you agree to bear all legal and ethical consequences of the decision without regard to the coverages provided hereunder.

7.5.2 Provision of Health Services

Except as specified in the Description of Benefits, if Participating Providers fail to, or become unable to, render the Health Care Services which they have agreed to provide, Health Plan agrees to coordinate through its Medical Director the provision of Health Care Services to Members.

7.6 Refusal to Accept Treatment

Should You or Your Covered Dependent refuse to cooperate with or accept the recommendations of Participating Providers with regard to health care for Your or Your Covered Dependent, Participating Providers may regard such refusal as a failure of the patient relationship and as obstructing the delivery of proper medical care. In such cases, Participating Providers shall make reasonable efforts to accommodate You or Your Covered Dependent. However, if the Participating Provider determines that no alternative acceptable to the Participating Provider exists, You shall be so advised. If You or Your Covered Dependent continues to refuse to follow the recommendations, then neither Health Plan or its Participating Providers shall have any further responsibility under this Agreement to provide care for the condition under Treatment.

7.7 Coordination of Health Care Services

7.7.1 Designation of Physician

At the time of enrollment under this Agreement, You or Your Covered Dependents may designate a Physician. Should You or Your Covered Dependent decline to designate a Physician, Health Plan will not assign one. You or Your Covered Dependent may request to use a nonprimary care physician specialist as a primary care physician, if You or Your Covered Dependent have a chronic, disabling, or life threatening condition.

7.7.2 Selection of Physician

Physicians may be selected from the list of Physicians published by the Health Plan. The ability to select a particular Participating Physician as a Physician is subject to that physician's availability. A current, updated list of Physicians may be found on Health Plan's website, www.swhp.org.

7.7.3 Changing Your Physician

You or Your Covered Dependents may change Your Physician anytime.

7.8 Continuity of Treatment

7.8.1 Notice of Termination of Treating Physician or Provider

If You or Your Covered Dependents are receiving Health Care Services from a Participating Provider whose relationship with the Health Plan as a Participating Provider is terminated by the provider, Health Plan will assist that provider to give You no less than 30 days advance notice of the termination. However, if a provider is terminated for reasons related to imminent harm, Health Plan will notify You immediately.

7.8.2 Continued Treatment by Terminated Physician or Provider

Except for medical incompetence or unprofessional behavior, the termination does not release the Health Plan from reimbursing the Participating Provider for providing Treatment to You or Your Covered Dependent in certain special circumstances. Special circumstance means a condition which Your physician or provider, or Your Covered Dependent's physician or provider reasonably believes could cause harm to You or Your Covered Dependent if the

physician or provider discontinues Treatment of the Member, and include a disability, acute condition, life-threatening illness, or being past the twenty-fourth week of pregnancy. However, the Participating Provider must first identify the special circumstance and submit a request to Health Plan's Medical Director that You or Your Dependent be permitted to continue Treatment under the Participating Provider's care. The Participating Provider must agree not to seek payment from You or Your Covered Dependent of any amounts for which You would not be responsible if the Health Professional or Participating Physician were still under contract with the Health Plan. If the request is granted, the Health Plan's obligation to pay for the services of the Participating Provider shall not exceed 90 days from the date of termination or nine (9) months in the case of a terminal illness with which You or an Covered Dependent was diagnosed at the time of the termination and shall not exceed the contract rate. If You or a Covered Dependent is past the twenty-fourth (24th) week of pregnancy at the time of termination, Health Plan's obligation to reimburse a terminated Participating Provider for services extends through delivery of the child, immediate postpartum care and the follow-up checkup within the first six weeks of delivery.

7.9 Health Care Services Not Available From Contracting Providers

To the extent the Health Plan would have covered such services under the terms of this Agreement, Medically Necessary Health Care Services which are prescribed by a Participating Physician but which are not available from a Participating Provider shall be authorized as described under the heading, Out-of-Network Referrals, in the Description of Benefits to this Agreement, within a time appropriate to the circumstances relating to the delivery of services and the condition of the patient, but in no event to exceed five (5) business days after receipt of reasonably requested documentation, to be received from a physician or provider who does not contract with the Health Plan upon the request of the Participating Physician and the approval by the Medical Director. If approved, Health Plan shall fully reimburse the non-contracting physician or provider at the Usual and Customary or agreed upon rate, except for Copayments, and charges for non-covered services. Prior to issuing a denial, the Medical Director must provide for a review by a specialist of the same or similar specialty as the type of physician or provider to whom a referral is requested.

8. CLAIM PROCEDURE

8.1 Necessity of Filing Claims

You will not ordinarily need to pay any person or facility for Health Care Services provided under this Agreement. However, if you receive Health Care Services from facilities which do not routinely contract with Health Plan, for example in the case of an emergency, you may be asked to pay that person or facility directly. You are entitled to reimbursement for such payments to the extent those Health Care Services are covered under this Agreement provided (1) You submit written proof of and claim for payment to Health Plan at its office, (2) the written proof and claim for payment are acceptable to Health Plan, (3) Health Plan receives the written proof and claim for payment within 60 days of the date the Health Care Services were received by You and Your Covered Dependent, and (4) You have complied with the terms of this Agreement.

8.2 Effect of Failure to File Claim Within 60 Days

Failure to submit written proof of and claim for payment within the 60 day period shall not invalidate or reduce Your entitlement to reimbursement provided it was not reasonably possible for You to submit such proof and claim within the time allowed and written proof of and claim for payment were filed as soon as reasonably possible. Written proof and claim for payment submission should consist of itemized receipts containing: name and address where services were received, date service was provided, amount paid for service, and diagnosis for visit. Claims for reimbursement should be sent to Scott & White Health Plan, Attn: Claims Dept., 1206 West Campus Dr., Temple, TX 76502. In no event will Health Plan have any obligation under this paragraph if such proof of and claim for payment is not received by Health Plan within one (1) year of the date the services were provided to You or Your Covered Dependent.

8.3 Acknowledgement of Claim

Not later than the fifteenth (15th) day after receipt of Your claim, the Health Plan will acknowledge in writing receipt of the claim; begin any investigation of the claim; and request from You any necessary information, statements or forms. Additional requests for information may be made during the course of the investigation.

8.4 Acceptance or Rejection of Claim

Not later than the fifteenth (15th) business day after receipt of all requested items and information, Health Plan will notify You in writing of the acceptance or rejection of the claim and the reason if rejected; or notify You that additional time is needed to process the claim and state the reason Health Plan needs additional time. If additional time is needed to make a decision, Health Plan shall accept or reject the claim no later than the forty-fifth (45th) day after you have been notified of the need for additional time.

8.5 Payment of Claims

Claims will be paid no later than the fifth (5th) business day after notification of acceptance.

8.6 Payment to Physician or Provider

Payment by Health Plan to the person or facility providing the services to You or Your Eligible Dependent shall discharge Health Plan's obligations under this Section.

8.7 Limitations on Actions

No action at law or in equity shall be brought to recover payment of a claim under this Agreement prior to the expiration of sixty (60) days from the date written proof of and claim for payment, as described above, was received

by Health Plan. In no event shall such action be brought after three (3) years from such date.

8.8 Physical Examination or Autopsy

Health Plan retains the right and opportunity to:

- Conduct a physical examination of an individual for whom a claim is made when and as often as the insurer reasonably requires during the pendency of the claim under the policy; and
- In the case of a death, require that an autopsy be conducted, unless the autopsy is prohibited by law.

9. EFFECT OF SUBROGATION AND COORDINATION OF BENEFITS

9.1 Subrogation/Lien/Assignment/Reimbursement

If the Plan pays or provides medical benefits for an illness or injury that was caused by an act or omission of any person or entity, the Plan will be subrogated to all rights of recovery of a plan participant, to the extent of such benefits provided or the reasonable value of services or benefits provided by the Plan. The Plan, once it has provided any benefits, is granted a lien on the proceeds of any payment, settlement, judgment, or other remuneration received by the plan participant from any sources, as allowed by law, including but not limited to:

- a third party or any insurance company on behalf of a third party, including but not limited to premises, automobile, homeowners, professional, DRAM shop, or any other applicable liability or excess insurance policy whether premium funded or self-insured;
- underinsured/uninsured automobile insurance coverage;
- no fault insurance coverage, such as personal injury or medical payments protection;
- any award, settlement or benefit paid under any worker's compensation law, claim or award;
- any indemnity agreement or contract;
- any other payment designated, delineated, earmarked or intended to be paid to a plan participant as compensation, restitution, remuneration for injuries sustained or illness suffered as a result of the negligence or liability, including contractual, of any individual or entity;
- any source that reimburses, arranges, or pays for the cost of care.

Regardless of the foregoing, the Plan will comply with the requirements of any applicable state law.

9.1.1 Assignment

Upon being provided any benefits from the Plan, a plan participant is considered to have assigned his or her rights of recovery from any source including those listed herein to the Plan to the extent of the reasonable value of services as determined by the Plan or benefits provided by the Plan

No plan participant may assign, waive, compromise or settle any rights or causes of action that he/she or any dependent may have against any person or entity who causes an injury or illness, or those listed herein, without the express prior written consent of the Plan and/or the Plan administrator.

9.1.2 Reimbursement

If a plan participant does not reimburse the Plan from any settlement, judgment, insurance proceeds or other source of payment, including those identified herein, the Plan is entitled to reduce current or future benefits payable to or on behalf of a plan participant until the Plan has been fully reimbursed.

9.1.3 Plan's Actions

The Plan in furtherance of the rights obtained herein may take any action it deems necessary to protect its interest, which will include, but not be limited to:

- place a lien against a responsible party or insurance company and/or anyone listed herein;
- bring an action on its own behalf, or on the plan participant's behalf, against the responsible party or his insurance company and/or anyone listed herein;
- cease paying the plan participant's benefits until the plan participant provides the Plan Sponsor with the documents necessary for the Plan to exercise its rights and privileges; and
- the Plan may take any further action it deems necessary to protect its interest.

9.1.4 Obligations of the Plan Participant to the Plan

- If a plan participant receives services or benefits under the Plan, the plan participant must immediately notify the Plan Sponsor of the name of any individual or entity against whom the plan participant might have a claim as a result of illness or injury (including any insurance company that provides coverage for any party to the

claim) regardless of whether or not the plan participant intends to make a claim. For example, if a plan participant is injured in an automobile accident and the person who hit the plan participant was at fault, the person who hit the plan participant is a person whose act or omission has caused the plan participant's illness or injury.

- A plan participant must also notify any third-party and any other individual or entity acting on behalf of the third-party and the plan participant's own insurance carriers of the Plan's rights of subrogation, lien, reimbursement and assignment.
- A plan participant must cooperate with the Plan to provide information about the plan participant's illness or injury including, but not limited to providing information about all anticipated future treatment related to the subject injury or illness.
- The plan participant authorizes the Plan and The Bratton Firm, to pursue, sue, compromise and/or settle any claims described herein, including but not limited to, subrogation, lien, assignment and reimbursement claims in the name of the plan participant and/or Plan. The plan participant agrees to fully cooperate with the Plan in the prosecution of such a claim. The plan participant agrees and fully authorizes the Plan and the Bratton Firm to obtain and share medical information on the plan participant necessary to investigate, pursue, sue, compromise and/or settle the above-described claims. The Plan and The Bratton Firm specifically are granted by the plan participant the authorization to share this information with those individuals or entities responsible for reimbursing the Plan through claims of subrogation, lien, assignment or reimbursement in an effort to recoup those funds owed to the Plan. This authorization includes, but is not be limited to, granting to the Plan and The Bratton Firm the right to discuss the plan participant's medical care and treatment and the cost of same with third and first-party insurance carriers involved in the claim. Should a written medical authorization be required for the Plan to investigate, pursue, sue, compromise, prosecute and/or settle the above-described claims, the plan participant agrees to sign such medical authorization or any other necessary documents needed to protect the Plan's interests.
- Additionally, should litigation ensue, the plan participant agrees to and is obligated to cooperate with the Plan and/or any and all representatives of the Plan, including subrogation counsel, in completing discovery, obtaining depositions and/or attending and/or cooperating in trial in furtherance of the Plan's subrogation, lien, assignment or reimbursement rights.
- The plan participant agrees to obtain consent of the Plan before settling any claim or suit or releasing any party from liability for the payment of medical expenses resulting from an injury or illness. The plan participant also agrees to refrain from taking any action to prejudice the Plan's recovery rights.
- Furthermore, it is prohibited for plan participant to settle a claim against a third party for non-medical elements of damages, by eliminating damages relating to medical expenses incurred. It is prohibited for a plan participant to waive a claim for medical expenses incurred by plan participants who are minors.
- To the extent that a plan participant makes a claim individually or by or through an attorney for an injury or illness for which services or benefits were provided by the Plan, the plan participant agrees to keep the plan updated with the investigation and prosecution of said claim, including, but not limited to providing all correspondence transmitted by and between any potential defendant or source of payment; all demands for payment or settlement; all offers of compromise; accident/incident reports or investigation by any source; name, address, and telephone number of any insurance adjuster involved in investigating the claim; and copies of all documents exchanged in litigation should a suit be filed.
- Nothing in these provisions requires the Plan to pursue the plan participant's claim against any party for damages or claims or causes of action that the plan participant might have against such party as a result of injury or illness.

- The Plan may designate a person, agency or organization to act for it in matters related to the Plan's rights described herein, and the plan participant agrees to cooperate with such designated person, agency, or organization the same as if dealing with the Plan itself.

9.1.5 Wrongful Death/Survivorship Claims

In the event that the plan participant dies as a result of his/her injuries and a wrongful death or survivorship claim is asserted the plan participant's obligations become the obligations of the plan participant's wrongful death beneficiaries, heirs and/or estate.

9.1.6 Death of Plan Participant

Should a plan participant die, all obligations set forth herein shall become the obligations of his/her heirs, survivors and/or estate.

9.1.7 Control of Settlement Proceeds

A plan participant may not use an annuity or any form of trust to hold/own settlement proceeds in an effort to bypass obligations set forth herein. A plan participant agrees that they have actual control over the settlement proceeds from the underlying tort or first party claim from which they are to reimburse the plan whether or not they are the individual or entity to which the settlement proceeds are paid.

9.1.8 Payment

The plan participant agrees to include the Plan's name as a co-payee on any and all settlement drafts or payments from any source.

The fact that the Plan does not assert or invoke its rights until a time after a plan participant, acting without prior written approval of the authorized Plan representative, has made any settlement or other disposition of, or has received any proceeds as full or partial satisfaction of, plan participant's loss recovery rights, shall not relieve the plan participant of his/her obligation to reimburse the Plan in the full amount of the Plan's rights.

9.1.9 Severability

In the event that any section of these provisions is considered invalid or illegal for any reason, said invalidity or illegality shall not affect the remaining sections of the Plan. The Plan shall be construed and enforced as if such invalid or illegal sections had never been inserted in the plan.

9.1.10 Incurred Benefits

The Plan reserves the right to reverse any decision associated with the reduction or waiver of charges related to services or benefits provided if and when the Plan discovers that the plan participant has been involved in an injury or accident and may be compensated by one of the sources set forth herein. Should this occur, the plan participant is deemed to have incurred the full billed charges or the full cost of the benefits or services rendered.

9.1.11 Non-exclusive Rights

The rights expressed in this document in favor of the Plan are cumulative and do not exclude any other rights or remedies available at law or in equity to the Plan or anyone in privity with the Plan.

9.1.12 RIGHT TO RECOVERY

The Plan has the right to recover benefits it has paid on the plan participant's behalf that were:

- made in error;
- due to a mistake in fact;
- incorrectly paid by the Plan during the time period of meeting any Out of Pocket Maximum for the Calendar Year.

Benefits paid because the plan participant misrepresented facts are also subject to recovery.

If the Plan provides a benefit for the plan participant that exceeds the amount that should have been paid, the Plan will:

- require that the overpayment be returned when requested, or
- reduce a future benefit payment for you or your dependent by the amount of the overpayment.

If the Plan incorrectly pays benefits to you or your dependent during the time period of meeting the Out of Pocket maximum for the Calendar Year, the Plan will send you or your dependent a monthly statement identifying the amount you owe with payment instructions. The Plan has the right to recover benefits by:

- submitting a reminder letter to you or a covered dependent that details any outstanding balance owed to the Plan; and
- conducting courtesy calls to you or a covered dependent to discuss any outstanding balance owed to the Plan

The provisions herein bind the plan participant, as well as the plan participant's spouse, dependents, or any members of the plan participant's family, who receives services or benefits from the Plan individually or through the plan participant.

9.2 Coordination of Benefits

The Coordination of Benefits (COB) provision applies when a person has health care coverage under more than one plan. Plan is defined below.

The order of benefit determination rules govern the order in which each plan will pay a claim for benefits. The plan that pays first is called the primary plan. The primary plan must pay benefits in accord with its policy terms without regard to the possibility that another plan may cover some expenses. The plan that pays after the primary plan is the secondary plan. The secondary plan may reduce the benefits it pays so that payments from all plans equal 100 percent of the total allowable expense.

Definitions

(a) A "plan" is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

(1) Plan includes: group, blanket, or franchise accident and health insurance policies, excluding disability income protection coverage; individual and group health maintenance organization evidences of coverage; individual accident and health insurance policies; individual and group preferred provider benefit plans and exclusive provider benefit plans; group insurance contracts, individual insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care; medical care components of individual and group long-term care contracts; limited benefit coverage that is not issued to supplement individual or group in force policies; uninsured arrangements of group or group-type coverage; the medical benefits coverage in automobile insurance contracts; and Medicare or other governmental benefits, as permitted by law.

(2) Plan does not include: disability income protection coverage; the Texas Health Insurance Pool; workers' compensation insurance coverage; hospital confinement indemnity coverage or other fixed indemnity coverage; specified disease coverage; supplemental benefit coverage; accident only coverage; specified accident coverage; school accident-type coverages that cover students for accidents only, including athletic injuries, either on a "24-hour" or a "to and from school" basis; benefits provided in long-term care insurance contracts for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services; Medicare supplement policies; a state plan under Medicaid; a governmental plan that, by law, provides benefits that are in excess of those of any private insurance plan; or other nongovernmental

plan; or an individual accident and health insurance policy that is designed to fully integrate with other policies through a variable deductible.

Each contract for coverage under (a)(1) or (a)(2) is a separate plan. If a plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate plan.

(b) “This plan” means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with like benefits, and may apply other separate COB provisions to coordinate other benefits.

The order of benefit determination rules determine whether this plan is a primary plan or secondary plan when the person has health care coverage under more than one plan. When this plan is primary, it determines payment for its benefits first before those of any other plan without considering any other plan’s benefits. When this plan is secondary, it determines its benefits after those of another plan and may reduce the benefits it pays so that all plan benefits equal 100 percent of the total allowable expense.

(c) “Allowable expense” is a health care expense, including deductibles, coinsurance, and copayments, that is covered at least in part by any plan covering the person. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense that is not covered by any plan covering the person is not an allowable expense. In addition, any expense that a health care provider or physician by law or in accord with a contractual agreement is prohibited from charging a covered person is not an allowable expense.

The following are examples of expenses that are not allowable expenses:

(1) The difference between the cost of a semi-private hospital room and a private hospital room is not an allowable expense, unless one of the plans provides coverage for private hospital room expenses.

(2) If a person is covered by two or more plans that do not have negotiated fees and compute their benefit payments based on the usual and customary fees, allowed amounts, or relative value schedule reimbursement methodology, or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an allowable expense.

(3) If a person is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an allowable expense.

(4) If a person is covered by one plan that does not have negotiated fees and that calculates its benefits or services based on usual and customary fees, allowed amounts, relative value schedule reimbursement methodology, or other similar reimbursement methodology, and another plan that provides its benefits or services based on negotiated fees, the primary plan’s payment arrangement must be the allowable expense for all plans. However, if the health care provider or physician has contracted with the secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the primary plan’s payment arrangement and if the health care provider’s or physician’s contract permits, the negotiated fee or payment must be the allowable expense used by the secondary plan to determine its benefits.

(5) The amount of any benefit reduction by the primary plan because a covered person has failed to comply with the plan provisions is not an allowable expense. Examples of these types of plan provisions include second surgical opinions, prior authorization of admissions, and preferred health care provider and physician arrangements.

(d) “Allowed amount” is the amount of a billed charge that a carrier determines to be covered for services

provided by a nonpreferred health care provider or physician. The allowed amount includes both the carrier's payment and any applicable deductible, copayment, or coinsurance amounts for which the insured is responsible.

(e) "Closed panel plan" is a plan that provides health care benefits to covered persons primarily in the form of services through a panel of health care providers and physicians that have contracted with or are employed by the plan, and that excludes coverage for services provided by other health care providers and physicians, except in cases of emergency or referral by a panel member.

(f) "Custodial parent" is the parent with the right to designate the primary residence of a child by a court order under the Texas Family Code or other applicable law, or in the absence of a court order, is the parent with whom the child resides more than one-half of the calendar year, excluding any temporary visitation.

Order of Benefit Determination Rules

When a person is covered by two or more plans, the rules for determining the order of benefit payments are as follows:

(a) The primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other plan.

(b) Except as provided in (c), a plan that does not contain a COB provision that is consistent with this policy is always primary unless the provisions of both plans state that the complying plan is primary.

(c) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage must be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.

(d) A plan may consider the benefits paid or provided by another plan in calculating payment of its benefits only when it is secondary to that other plan.

(e) If the primary plan is a closed panel plan and the secondary plan is not, the secondary plan must pay or provide benefits as if it were the primary plan when a covered person uses a noncontracted health care provider or physician, except for emergency services or authorized referrals that are paid or provided by the primary plan.

(f) When multiple contracts providing coordinated coverage are treated as a single plan under this subchapter, this section applies only to the plan as a whole, and coordination among the component contracts is governed by the terms of the contracts. If more than one carrier pays or provides benefits under the plan, the carrier designated as primary within the plan must be responsible for the plan's compliance with this subchapter.

(g) If a person is covered by more than one secondary plan, the order of benefit determination rules of this subchapter decides the order in which secondary plans' benefits are determined in relation to each other. Each secondary plan must take into consideration the benefits of the primary plan or plans and the benefits of any other plan that, under the rules of this contract, has its benefits determined before those of that secondary plan.

(h) Each plan determines its order of benefits using the first of the following rules that apply.

(1) Nondependent or Dependent. The plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber, or retiree, is the primary plan, and the plan that covers the person as a dependent is the secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent and primary to the plan covering the person as other than a dependent, then the order of benefits between the two plans is reversed so that

the plan covering the person as an employee, member, policyholder, subscriber, or retiree is the secondary plan and the other plan is the primary plan. An example includes a retired employee.

(2) Dependent Child Covered Under More Than One Plan. Unless there is a court order stating otherwise, plans covering a dependent child must determine the order of benefits using the following rules that apply.

(a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

(1) The plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or
(2) If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.

(b) For a dependent child whose parents are divorced, separated, or not living together, whether or not they have ever been married:

(1) if a court order states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to plan years commencing after the plan is given notice of the court decree.

(2) if a court order states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of (h)(2)(A) must determine the order of benefits.

(3) if a court order states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of (h)(2)(A) must determine the order of benefits.

(4) if there is no court order allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:

- (I) the plan covering the custodial parent;
- (II) the plan covering the spouse of the custodial parent;
- (III) the plan covering the noncustodial parent; then
- (IV) the plan covering the spouse of the noncustodial parent.

(c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the provisions of (h)(2)(A) or (h)(2)(B) must determine the order of benefits as if those individuals were the parents of the child.

(d) For a dependent child who has coverage under either or both parents' plans and has his or her own coverage as a dependent under a spouse's plan, (h)(5) applies.

(e) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits must be determined by applying the birthday rule in (h)(2)(A) to the dependent child's parent(s) and the dependent's spouse.

(1) Active, Retired, or Laid-off Employee. The plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the primary plan. The plan that covers that same person as a retired or laid-off employee is the secondary plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the plan that covers the same person as a retired or laid-off employee or as a dependent of a retired or laid-off employee does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if

(h)(1) can determine the order of benefits.

(2) COBRA or State Continuation Coverage. If a person whose coverage is provided under COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber, or retiree or covering the person as a dependent of an employee, member, subscriber, or retiree is the primary plan, and the COBRA, state, or other federal continuation coverage is the secondary plan. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if (h)(1) can determine the order of benefits.

(3) Longer or Shorter Length of Coverage. The plan that has covered the person as an employee, member, policyholder, subscriber, or retiree longer is the primary plan, and the plan that has covered the person the shorter period is the secondary plan.

(4) If the preceding rules do not determine the order of benefits, the allowable expenses must be shared equally between the plans meeting the definition of plan. In addition, this plan will not pay more than it would have paid had it been the primary plan.

Effect on The Benefits of This Plan

(a) When this plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans are not more than the total allowable expenses. In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim equal 100 percent of the total allowable expense for that claim. In addition, the secondary plan must credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

(b) If a covered person is enrolled in two or more closed panel plans and if, for any reason, including the provision of service by a nonpanel provider, benefits are not payable by one closed panel plan, COB must not apply between that plan and other closed panel plans.

Compliance with Federal and State Laws Concerning Confidential Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this plan and other plans. Organization responsible for COB administration will comply with federal and state law concerning confidential information for the purpose of applying these rules and determining benefits payable under this plan and other plans covering the person claiming benefits. Each person claiming benefits under this plan must give Organization responsible for COB administration any facts it needs to apply those rules and determine benefits.

9.3 Facility of Payment

A payment made under another plan may include an amount that should have been paid under this plan. If it does, Organization responsible for COB administration may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this plan. Organization responsible for COB administration will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

9.4 Right of Recovery

If the amount of the payments made by Organization responsible for COB administration is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it

has paid or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

10. RECORDS

11. COMPLAINT

11.1 Purpose

11.1.1 Health Plan recognizes that a member, physician, provider, or other person designated to act on behalf of a member may encounter an event in which performance under this Agreement does not meet expectations. It is important that such an event be brought to the attention of the Health Plan. The Health Plan is dedicated to addressing problems quickly, managing the delivery of Health Care Services effectively, and preventing future complaints or appeals. Health Plan will not retaliate against You because You, Your Provider or a person action on Your behalf files a complaint or appeals a decision made by Health Plan.

11.1.2 The Chief Medical Officer has overall responsibility for the coordination of the complaint and appeal procedure. For assistance with this procedure, individuals should contact the Health Plan office.

11.2 Complaints

The acknowledgment letter will include a description of Health Plan's Complaint procedures and time frames. If the Complaint is received orally, Health Plan will also enclose a one-page Complaint form, which must be returned for prompt resolution of the Complaint.

11.2.2 Health Plan will acknowledge, investigate, and resolve all Complaints within thirty (30) calendar days after the date of receipt of the written Complaint or one-page complaint form from the Complainant. However, investigation and resolution of Complaints concerning emergencies or denials of continued stays for hospitalization shall be concluded in accordance with the immediacy of the case and will not exceed one (1) business day from receipt of the Complaint.

11.2.3 Health Plan will investigate the Complaint and issue a response letter to the Complainant within thirty (30) days from receipt of the Complaint explaining the specific medical and/or contractual reasons for the resolution and the specialization of any physician or other provider consulted. The response letter will contain a full description of the process for appeal, including the time frames for the appeals process and the time frames for the final decision on the appeal.

11.3 Appeal of Complaints

11.3.1 If the Complainant is not satisfied with Health Plan's resolution of the Complaint, the Complainant will be given the opportunity to appear in person before an appeal panel at the site of which enrollee normally receives health care services or at another site agreed to by the Complainant, or address a written Appeal to an appeal panel.

11.3.2 Health Plan will send an acknowledgment letter of the receipt of oral or written appeal from Complainants no later than five (5) business days after the date of the receipt of the Appeal. The acknowledgment letter will include a description of Health Plan's Appeal procedures and time frames. If the Appeal is received orally, Health Plan will also enclose a one-page Appeal form, which must be returned for prompt resolution of the Appeal.

11.3.3 Health Plan will appoint members to the complaint appeal panel, which shall advise the Health Plan on the resolution of the Complaint. The complaint appeal panel shall be composed of one Health Plan staff member, one Participating Provider, and one member. No member of the complaint appeal panel may have been previously involved in the disputed decision. The Participating Providers must have experience in the same or similar specialty that typically treats the medical condition, performs the procedure or provides the treatment in the area of care that is in dispute and must be independent of any physician or provider who made any prior determination. 12. UTILIZATION REVIEW

12.1 Utilization Review

Your Plan includes a program to evaluate inpatient and outpatient Hospital and Ambulatory Surgical Center admissions, and specified non-Emergency outpatient surgeries and diagnostic procedures and other services. This program ensures that Hospital and Ambulatory Surgical Facility care is received in the most appropriate setting, and that any other specified surgery or services are medically necessary. This program is known as utilization review.

Utilization review may be undertaken:

- At least three working days before a service is provided that requires prior authorization. This is known as a prior authorization review.
- Before a hospital admission or any of the specified services that require prior authorization. This is known as admission review.
- During a hospital stay. This is known as continued stay review.
- Following discharge from a hospital or after any services are performed. This is known as a retrospective review.

12.1.1 Prior Authorization

Certain services require prior authorization in order to be covered. Typically, Your Provider will request Prior Authorization on Your behalf. Failure to obtain Prior Authorization may result in a reduction or denial of benefits under this Agreement.

The Scott and White Health Plan Health Services Division has the responsibility of issuing Prior Authorization.

For a complete list of Health Care Services subject to Prior Authorization, visit Our website at www.swhp.org or call Us at the contact number shown in the Toll Free Notice.

12.1.2 Prior Authorization Review

You are always responsible for initiating prior authorization review. There are penalties for some services if prior authorization review is not performed.

Note: These penalties are not counted toward the deductible or Your Out-of-Pocket Maximum.

To initiate prior authorization review, instruct Your Physician to call SWHP at least three working days prior to any admission or scheduled date of proposed service that require pre-authorization. Remember, You are responsible for making sure Your Physician calls. If SWHP determines that the admission or surgery is not Medically Necessary or Experimental or Investigational, You and Your Physician will be notified by telephone within twenty four hours after You file Your request for prior authorization review. Subject to the notice requirements and prior to the issuance of an adverse determination, if We question the Medical Necessity of appropriateness or the Experimental or Investigational nature of a service, We will give the Physician who ordered it a reasonable opportunity to discuss with Our physician Your treatment plan and the clinical basis of Our determination. You and Your Physician will be sent a written notice within three days of the telephone notice. The written notice will include: the principal reasons for the adverse determination; the clinical basis for the adverse determination; a description of the source of the screening criteria used as guidelines in making the adverse determination; and description of the procedure for the complaint and appeal process, including Your right and the procedure to appeal to an independent review organization. If You have a life-threatening condition, the notice will include a description of Your right to an immediate review by an independent review organization and the procedures to obtain that review. For an Emergency admission or procedure, We must be notified within 48 hours of the admission or procedure or as soon

as reasonably possible. We may take into account whether or not Your condition was severe enough to prevent You from notifying us, or whether or not a member of Your family was available to notice Us for You.

Under state and federal law, group health plans and health plan issuers offering group insurance coverage generally may not restrict benefits for any Hospital length of stay in connection with childbirth for the mother or Newborn child to less than 48 hours following an uncomplicated vaginal delivery, or less than 96 hours following an uncomplicated cesarean section, or require that a provider obtain Utilization Review from the plan for prescribing a length of stay not in excess of the above periods.

The list of services that require prior authorization is available on health plan's web page, swhp.org.

12.1.3 Admission Review

If prior authorization review is not performed, We will determine at the time of admission if the hospital admission or specified non-Emergency outpatient surgery or diagnostic procedure is Medically Necessary.

12.1.4 Continued Stay Review

We also will determine if a continued hospital or skilled nursing facility stay is Medically Necessary. We will provide notice of Our determination within twenty four hours by either telephone or electronic transmission to the provider of record followed by written notice within three working days to You or Your provider of record. If We are approving or denying post stabilization care subsequent to Emergency treatment or care related to a life threatening condition, We will notify the treating Physician or other provider within the time appropriate to the circumstances relating to the delivery of the services and the condition of the patient, but in no case to exceed one hour after the request for approval is made.

We will determine if the use of prescription drugs or intravenous infusions are Medically Necessary. We will provide notice of Our determination no later than the 30th day before the date on which the provision of prescription drug or intravenous infusion will be discontinued.

12.1.5 Retrospective Review

If neither prior authorization review, nor admission review nor continued stay review was performed, We will use retrospective review to determine if a scheduled or an Emergency admission to a hospital or any surgery at a hospital or ambulatory surgical center or an outpatient surgery or a diagnostic procedure was Medically Necessary. In the event services are determined to be Medically Necessary, benefits will be provided as described in the Plan. If it is determined that a hospital stay or any other service was not Medically Necessary, You are responsible for payment of the charges for those services. We will provide notice of Our adverse determination in writing to You and the provider of record within a reasonable period, but not later than 30 days after the date on which the claim is received, provided We may extend the 30-day period for up to 15 days if: We determine that an extension is necessary due to matters beyond Our control; and We notify You and the provider of record within the initial 30 day period, of circumstances requiring the extension and the date by which We expect to make a determination. If the period is extended because of Your failure or the failure of the provider of record to submit the information necessary to make the determination, the period for making the determination is tolled from the date We send Our notice of the extension to You or the provider until the earlier of: the date You or the provider responds to Our request; or the date by which the specified information was to have been submitted.

12.1.6 Appeal of Adverse Determination

Our determination that treatment or services You requested or received are not Medically Necessary or appropriate or are Experimental or Investigational, based on Our Utilization Review standards is an "adverse determination", which means that Your request for coverage of the treatment or service is denied. You, a person acting on Your behalf, or Your Physician may appeal the adverse determination to Us orally or in writing in accordance with Our internal appeal procedures. If We are notified orally, We will send a one-page form to use for making a written appeal.

Within five working days of receipt of the written request, We will acknowledge the request and advise if additional documents are needed to consider Your appeal. We will provide Our decision on Your appeal no later than thirty days after the later of the date We receive Your appeal or the date any additional information We request is provided order to consider Your appeal. Appeals involving the denial of emergency care or continued hospitalization shall be based on the medical immediacy of the condition, procedures, or treatment under review, not to exceed one working day from when We receive all information necessary to complete the appeal.

If Your appeal is denied, Our notice will include a clean and concise statement of the clinical basis for the denial and Your right to seek review of the denial from an independent review organization and the procedures for obtaining that review.

If you have a life-threatening condition, (including emergency treatment or continued hospitalization) or in circumstances involving prescription drugs or intravenous infusions, You have the right to an immediate review by an independent review organization and You are not required to first request an internal review by Us.

12.1.7 Review by Independent Review Organization (IRO)

If We deny Your appeal of an adverse determination, You have the right to request Us to refer Your appeal to an IRO. We will pay for the IRO review and We will comply with the IRO's determination regarding the Medical Necessity or appropriateness of the treatment or services or the Experimental or Investigation nature of such treatment or services.

12.2 Voluntary Binding Arbitration

If You are enrolled in a plan provided by Your employer that is subject to ERISA, any dispute involving an adverse determination must be appealed under claims procedure rules outlined above. After the Member has followed the appeal procedures, any dispute regarding an adverse determination may be submitted to voluntary binding arbitration, if both parties agree.

For a Member enrolled in an Employer plan subject to ERISA, any dispute regarding an adverse benefit determination, or any dispute which does not involve an adverse determination; or for a Member enrolled in an Employer plan not subject to ERISA, any dispute, may be subject to binding arbitration if:

- the mediation or arbitration will be conducted pursuant to the applicable commercial rules of the American Arbitration Association and applicable Texas statutes governing mediation and arbitration; and
- will be binding if both parties agree to mediation or arbitrations; and
- mediation or arbitration will occur in the county where the Member, or if applicable the beneficiary resides; and
- if the amount in dispute exceeds the jurisdictional limits of the small claims court.

Under this coverage, if binding arbitration is agreed to by both parties, the arbitration findings will be final and binding. We will pay the cost of arbitration. Any disputes regarding a claim for damages within the jurisdictional limits of the small claims court will be resolved in such court.

13.1 Confidentiality

In accordance with applicable law, any data or information pertaining to the diagnosis, Treatment, or health of You or Your Covered Dependent or to an application obtained from You or Your Covered Dependent or from any physician or provider by Health Plan shall be held in confidence and shall not be disclosed to any person except: (1) to the extent that it may be necessary to carry out purposes required by or to administer this Agreement with regard to the provision of Health Care Services, payment of Health Care Services, and Health Plan operations; or (2) upon You or Your Covered Dependent's express authorization; or (3) pursuant to a law or in the event of claim or court order for the production of evidence or to discovery thereof; or (4) in the event of claim or litigation between You or Your Covered Dependent and Health Plan wherein such data or information is pertinent, or (5) bona fide medical research or studies by Health Plan. Health Plan shall be entitled to claim the same privilege against such disclosures as the physician or provider who furnishes such information to it is entitled to claim.

13.2 Independent Agents

13.2.1 Health Plan's Participating Providers are independent contractors. Health Plan is not an agent of any Participating Provider, nor is any Participating Provider an agent of the Health Plan.

13.2.2 Participating Providers shall make reasonable efforts to maintain an appropriate patient relationship with Members to whom they are providing care. Likewise, You and Your Covered Dependents shall make reasonable efforts to maintain an appropriate patient relationship with the Participating Providers who are providing such care.

13.2.3 No Contract Holder or Member, in such capacity, is an agent or representative of Health Plan or its Participating Providers. No Contract Holder or Member shall be liable for any acts or omissions of any Participating Provider or its agents or employees.

13.2.4 The determination of whether any Treatment is a covered benefit under this Agreement shall be made by Health Plan according to the terms and conditions of this Agreement. The fact that Treatment has been prescribed or authorized by a Participating Provider does not necessarily mean that it is covered under this Agreement.

13.3 Changes in Coverage

During the term of this Agreement, changes in coverage are not allowed unless approved in writing by Health Plan or authorized according to the terms stated in this Agreement. Any retroactive changes in eligibility or coverage by a Group for any of its Members must be approved by the Health Plan, and the liability of Health Plan to refund Premiums for any Member whose coverage is terminated or changed to a different category shall be no greater than two months premium paid by or on behalf of the Member. Health Plan may consider any amounts paid for Covered Services for any period for which the Member's premium was refunded as a Required Payment.

13.4 Entire Agreement

This Agreement, attachments, Group's application, and Your completed and accepted Enrollment Application(s) constitute the entire contract between the parties, and all oral representations and warranties have been incorporated into this Agreement. No agent or other person, except the Executive Director of Health Plan, has the authority to waive any conditions or restrictions of this Agreement, to extend the time for making a payment, or to bind Health Plan by making any promise or representation, or by giving or receiving any information. No changes to this Agreement shall be valid unless in writing and signed by the Executive Director of Health Plan. However, Health Plan may adopt policies, procedures and rules to promote the orderly and efficient administration of this Agreement.

13.5 Severability

In the event of the unenforceability or invalidity of any section or provision of this Agreement, such section or provision shall be enforceable in part to the fullest extent permitted by law, and such invalidity or unenforceability shall not otherwise affect any other section of this Agreement, and this Agreement shall otherwise remain in full force and effect.

13.6 Modification of Terms

During the term of this Agreement and without Your consent or concurrence, this Agreement shall be subject to amendment, modification or termination in accordance with any provision hereof; by mutual agreement between Health Plan and Contract Holder; or as required by law. By electing coverage pursuant to this Agreement or by accepting benefits hereunder, You and Contract Holders agree to all terms, conditions and provisions hereof.

13.7 Not a Waiver

The failure of Health Plan to enforce any provision of this Agreement shall not be deemed or construed to be a waiver of the enforceability of such provision. Similarly, the failure to enforce any remedy arising from a default under the terms of this Agreement shall not be deemed or construed to be a waiver of such default.

13.8 Venue

Any action at law or in equity, including any suit to enforce any of the terms, conditions, rights or privileges under this Agreement, shall be brought in a court in or for Bell County, Texas.

13.9 Recovery

If any action at law or in equity is brought to enforce or interpret the provisions of this Agreement, the prevailing party shall be entitled to recover its costs and expenses associated with such action (including, but not limited to, reasonable attorney's fees), in addition to any other relief to which the party may be entitled. Health Plan is also entitled to recover from Contract Holder, Subscriber or Member any overpayment or other inappropriate payment, including, but not limited to, a payment for non-Covered Services or services rendered to a person who was ineligible for group coverage at the time services were provided (collectively, "Excess Payments"). Failure by the Contract Holder, Subscriber or Member to remit any Excess Payments to Scott and White Health Plan may result in legal action by Scott and White Health Plan.

13.10 Notice

With the exception of electronic notices sent pursuant to subparagraph 6.1.1 of this Agreement, any notice under this Agreement shall be given by United States Mail, postage prepaid, addressed as follows:

If to Health Plan:

Scott and White Health Plan
1206 West Campus Drive
Temple, Texas 76502

If to You:

To the latest address provided by You to Contract Holder.

If to a Contract Holder:

To the latest address provided by the Contract Holder.

13.11 Incontestability

All statements made by You on the Enrollment Application shall be considered representations and not warranties. The statements are considered to be truthful and are made to the best of Your knowledge and belief. A statement may not be used in a contest to void, cancel or non-renew an enrollee's coverage or reduce benefits unless:

- 1) it is in a written enrollment application signed by You, and
- 2) a signed copy of the enrollment application is or has been furnished to You.

This Agreement may only be contested because of fraud or intentional misrepresentation of material fact on the Enrollment Application. If the Group has less than 50 employees, the misrepresentation shall be other than a misrepresentation related to health status. If Health Plan determines that You made a material misrepresentation of health status on the application, Health Plan may increase the Group premium to the appropriate level. Health Plan must provide Group sixty (60) days prior written notice of any such premium rate change.

13.12 Proof of Coverage

Health Plan will provide You with proof of coverage under this Agreement. Such evidence shall consist of an original copy of this Agreement and an identification card as described below. You will also be provided with a current roster of Participating Providers as well as additional educational material regarding the Health Plan and the services provided under this Agreement.

13.13 Identification Card

Health Plan shall issue an identification card which will provide information regarding the type of coverage held and such other information as required by law or relevant regulations. Such cards are the property of the Health Plan and are for identification purposes only. Possession of a Health Plan identification card confers no right to services or other benefits under this Agreement. To be entitled to such services or benefits the holder of the card must, in fact, be a Member on whose behalf all Required Payments under this Agreement have actually been paid. Any person receiving services or other benefits to which the person is not then entitled pursuant to the provisions of this Agreement shall be subject to charges at the providers' then prevailing rates. If You permit the use of a Health Plan identification card by any other person, such card may be retained by Health Plan, and all rights of You and Your Dependents, covered pursuant to this Agreement, shall be terminated sixteen (16) days after written notice.

13.14 Conformity with State Law

If it is determined by a regulatory or judicial body that any provision of this Agreement that is not in conformity with the insurance laws of the state of Texas, this Agreement shall not be rendered invalid, but instead will be construed and applied as if it were in full compliance with the insurance laws of the state of Texas.

13.15 Office of Foreign Assets Control (OFAC) Notice

Notwithstanding any other provisions of this Agreement or any requirement of Texas law, Health Plan shall not be liable to pay any claim, provide any benefit, or take any other action to the extent that such payment, provision of benefit, or action would be in violation of any economic or trade sanctions of the United States of America, including, but not limited to, policies and regulations administered and enforced by the United States Treasury's Office of Foreign Assets Control (OFAC).

DESCRIPTION OF BENEFITS

14. WHAT'S COVERED?

To understand the benefits available under this Plan, You and Your Covered Dependents should first review this Description of Benefits and the Schedule of Benefits.

The Description of Benefits will help identify what types of services are covered, when and how each benefit will be covered, and how You and Your Covered Dependents can receive Health Care Services. The Section entitled Exclusions and Limitations describes the types of illness, sickness and services that are not covered by this Agreement.

You and Your Covered Dependent's entitlement to Health Care Services is contingent upon such services being determined as Medically Necessary and prescribed or ordered by, a Participating Physician or Participating Provider. Health Care Services are also contingent upon all definitions, terms, conditions, and limitations on Health Care Services set forth in all parts of this Agreement being met. In order to receive these Health Care Services, You must pay the Copayments and Deductibles specified in the Schedule of Benefits and any amendments and riders to this Agreement. Except for Emergency Care Services, approved out-of-network services and Health Care Services provided to a Covered Dependent child under a Qualified Medical Support Order who is outside the Service Area, all of the benefits are to be provided by Participating Physician and Participating Providers. You may select a Primary Care Physician for You and Your Eligible Dependents. You have the right to receive services from an OB/GYN without first obtaining a referral from a Primary Care Physician. You are not required to designate an OB/GYN. You may elect to receive OB/GYN services from your Primary Care Physician. Services provided for treatment of Alzheimer's disease do not require proof of organic disease. Treatment of congenital defects of newborns will be treated on the same basis as any other covered illness or injury. Treatment of vision and hearing screenings for children through age 17 are covered.

14.1 Copayments and Deductibles

The Schedule of Benefits identifies Your Copayments, Deductible (individual or family) and other expenses You are responsible to pay. Some benefits have copayments that are applied differently than a typical copayment. The office visit Copayment in the Schedule of Benefits is for an Office Visit only. Additional Health Care Services provided during an office visit may be subject to an additional Copayment. If special copayment rules apply, those rules will be explained in that specific benefit section.

14.2 Out-of-Pocket Maximums

If the amount of qualifying Out-of-Pocket Expenses You pay during a Contract Year exceeds the Out-of-Pocket Maximums shown on the Schedule of Benefits, Covered Services obtained after reaching the Out-of-Pocket Maximum will be covered at 100% and not be subject to Copayments.

14.3 Benefit Limitations

Certain benefits under this Agreement are subject to benefit limitations. If You or Your Covered Dependent meets or exceeds a given benefit limitation during the Plan Year, such enrollee will not be eligible for Covered Services for that particular service for the remainder of the Plan Year in which the benefit limitation was met or exceeded.

14.4 Case Guidance Program

Health Plan has in place Case Guidance Programs for Members with chronic conditions or complex care needs that require ongoing education and mentoring or a complicated plan of care requiring multiple services and providers. A nurse case manager will work with You, Your family or significant other and physician to provide assistance and to

coordinate the services necessary to meet your care needs to achieve the best possible outcomes and the greatest value for your health care benefits.

If You, or Your Covered Dependent, has a health condition or disease state for which Health Plan operates a Case Guidance program, You may be contacted by Health Plan or Health Plan's designated case guidance vendor and offered the opportunity to participate in case guidance.

Participation in Case Guidance is strictly voluntary.

14.5 Prior Authorization Requirements

Certain services require prior authorization in order to be covered. Typically, your Provider will request Prior Authorization on your behalf.

14.5.1 Services Requiring Prior Authorization

Some procedures and surgeries require Prior Authorization. Failure to obtain Prior Authorization may result in a reduction or denial of benefits under this Agreement.

The Scott and White Health Plan Health Services Division has the responsibility of issuing Prior Authorization

For a complete list of Health Care Services subject to Prior Authorization, visit Our website at www.swhp.org or call Us at the contact information shown in the Toll-Free Notice. Failure to obtain Prior Authorization will result in a 50% reduction in benefits.

14.6 Benefits

14.6.1 Medical Services

You and Your Covered Dependents are entitled to the Medically Necessary professional services of Participating Physicians and Participating Providers on an inpatient and outpatient basis. Medical Necessity is determined by a Participating Provider, subject to the review of the Health Plan Medical Director.

Examples of covered medical services may include, but are not limited to, the following:

- physical exams for medical or diagnostic purposes (other than preventive exams),
- newborn hearing screenings, and necessary diagnostic follow-up care,
- office visits,
- consultations by specialists,
- diagnostic procedures including lab and x-ray,
- treatment for diseases of the eye,
- outpatient surgery,
- dialysis,
- injections
- chemotherapy and radiation therapy for cancer,
- allergy tests, and
- home health care

14.6.1.1 Other Outpatient Services

Medical Services that are not specifically listed on the description above which may result in separate additional copayments or limits if so listed in the Schedule of Benefits.

14.6.1.2 Copayments

Medical Services are subject to the applicable Copayment listed in the Schedule of Benefits. For Medical Services provided during an Office Visit to a Participating Physician or Provider, You or Your Covered Dependent may be

responsible for both an office visit Copayment and a Copayment for the other Medical Services rendered in connection with the Office Visit. This is particularly true when You are subject to a percentage Copayment and may vary depending upon Your Physician or Provider's method of billing.

14.6.2 Preventive Care Services

You and Your Covered Dependents are entitled to the Preventive Care Services of Participating Physicians and Participating Providers without being subject to a Copayment. Preventive Care Services obtained from non-Participating Providers will be subject to applicable POS copayment listed in the Schedule of Benefits.

14.6.2.1 Covered Preventive Services

You and Your Covered Dependents are entitled to the Preventive Care Services of Participating Physicians and Participating Providers without being subject to a Copayment or Deductible. Preventive Care Services obtained from non-Participating Providers will be subject to applicable copayment listed in the Schedule of Benefits.

You and Your Covered Dependents may access Preventative Care Services and health education programs as determined by Health Plan. Under the Affordable Care Act, certain preventive services from Participating Providers are paid at 100% (at no cost to the member), depending on the billing and diagnosis.

The determination of whether a service is a Preventive Care Service may be influenced by the type of service for which your Physician or Provider bills the Health Plan. Specifically (1) if a recommended preventive service is billed separately from an office visit, then a plan may impose cost-sharing requirements with respect to the office visit, (2) if a recommended preventive service is not billed separately from an office visit and the primary purpose of the office visit is the delivery of a preventive service, then a plan may not impose cost-sharing requirements with respect to the office visit, and (3) if a recommended preventive service is not billed separately from an office visit and the primary purpose of the office visit is not the delivery of a preventive service, then Health Plan may impose cost-sharing requirements with respect to the office visit.

Coverage of Counseling for a particular condition or disease as a Preventive Care Service does not equate to treatment of that particular condition or disease. While the counseling visit may be considered to be a Preventive Care Service and thus not subject to Copays or Deductibles, the treatment of such condition or disease will be subject to appropriate Copays and Deductibles, and to the Exclusions and Limitations provisions of the Health Plan.

14.6.14.3 Evidence Based Formulary Development

Health Plan provides coverage for prescription drugs in accordance with an evidence based formulary developed by physicians and pharmacists comprising the Pharmacy and Therapeutics Committee of the Health Plan. A formulary is a list of drugs for which Health Plan provides coverage. The Pharmacy and Therapeutics Committee meets at least quarterly to review the scientific evidence, economic data, and a wide range of other information about drugs for potential formulary placement and coverage. Based upon that review, the committee selects the drugs it believes to be the safest and most efficacious of those drugs which meet the desired goals of providing appropriate therapy at the most reasonable cost. Once such determination is made, the Health Plan may contract with the manufacturer of the drugs for rebates. The committee will not select a drug for the formulary until enough clinical evidence is available to allow the committee to determine the drug's comparable safety and efficacy. The committee defines this timeframe as 180 days of availability. The committee determines which drugs to add or delete, supply and dosage limitations, sequence of use, and all other aspects about the Health Plan formulary. Health plan will provide written notice of the modification to the drug formulary to the commissioner and each affected individual health benefit plan holder, not later than the 60th day before the date the modification is effective

14.6.14.4 Request for Formulary Information

You or Your Covered Dependent may contact the Health Plan to find out if a specific drug is on the formulary. The Health Plan must respond to Your request about the drug formulary no later than the third business day after the date of the request to disclose whether a specific drug is on the formulary. However, the presence of a drug on a drug formulary does not guarantee that Your Health Professional will prescribe the drug for a particular medical condition or mental illness.

14.6.14.5 Formulary Lists

Copayments vary based upon the tier level a particular drug has been placed on by the Health Plan. Drugs on the Health Plan formulary, which are preferred generic drugs, require the lowest Copayment. Drugs on the Health Plan formulary, which are preferred name brand drugs require an increased Copayment. Drugs, which are not on the preferred generic or preferred brand tiers on the Health Plan formulary, which are alternate choice drugs or other drugs for some medical conditions not treated by drugs on the preferred tiers, may not be covered by the Health Plan or may require the largest Copayment, depending on the plan of benefits selected. If a particular drug appeared on the Health Plan formulary at the beginning of Your Contract Year, Health Plan shall make such drug available at the contracted benefit level until the end of the Contract Year, regardless of whether the prescribed drug has been removed from the Health Plan's formulary.

For consideration of coverage for a non-formulary drug, one or more of the following criteria must be met:

- 1) the use of the formulary alternative(s) is contraindicated;
- 2) the formulary alternative(s) would cause or has caused adverse effects;
- 3) the use of the formulary alternative(s) would not be as effective as the non-formulary drug.

The prescribing Health Professional must submit a written request for prior authorization or request for an appeal to the Health Plan for consideration of coverage.
